

Beckenham's Fire Stations

There are three fire station buildings in Beckenham. In the year 2000, the Copers Cope Area Residents Association marked the Millennium by placing a Plaque above the Water Spout on the building used by Beckenham's first Fire Brigade from 1872 to 1884. The project was proposed by a CCARA member, the imminent local historian Dr Eric Inman. After the ceremony, a reception was held in the Three Tuns pub.

To further celebrate the occasion a postcard was created by Cliff Watkins using photos taken for the BPS Millennium CD (see link).
